Meeting Agenda

Presentation and Q&A 3:00-4:00PM

Networking Event 4:00-5:00PM

About Contract #4

Contract #4 is a \$99 million contract which includes construction of an at-grade temporary bypass, southbound battery tunnel, permanent roadway section, electrical and mechanical substation, retaining walls, and a traffic switch (full weekend closure).

About the Doyle Drive Replacement Project

The south access road to the Golden Gate Bridge, known as Doyle Drive or Route 101 in San Francisco, CA, is aging and must be replaced with a facility that meets modern seismic and design standards.

The Doyle Drive replacement, Presidio Parkway, is an approximately \$1.045 billion project that is set in a national park and will feature a parkway design including two sets of short tunnels, a wide landscaped median, enhanced pedestrian access and traffic calming transitions.
