

SOIL SAMPLE INVESTIGATION FIELD WORK UPDATE #2:: JANUARY 2009

During January 2008, there will be soil sampling field work primarily within the following areas:

- Adjacent to Doyle Drive, south of the toll plaza near Lincoln Boulevard
- Along the north side of Doyle Drive from Battery Blaney to the Crissy Field Center
- Along Lincoln Boulevard from the National Cemetery to Building 106
- Adjacent to the south side of Doyle Drive from Building 106 to Halleck Street
- On and adjacent to Halleck Street, south of Doyle Drive

FIELD WORK INFORMATION

The project team, working with the Presidio Trust, will make every effort to keep you informed and minimize inconvenience to the community during construction.

Project infoline: 415.263.5953

Project web site: www.doyledrive.org

Project email: doyledrive@circlepoint.com

Activity at each sampling location is anticipated to last from less than one to three working days.

There will be temporary parking restrictions and traffic control, as needed. Signage indicating parking restrictions will be posted three days in advance.

Please see the map below for more information and visit the project Web site for up-to-date information on the specific dates and locations of the soil sample investigation work.

Thank you for your patience during this activity.
